

Recruitment software selection checklist

The recruitment software you select can make or break your productivity in hiring. Use this checklist to ensure you select the best tool for your needs.

- ☐ Identify your recruitment software requirements, considering features like ATS, CRM, analytics, and team size.
- ☐ Ensure the software has a user-friendly interface and is accessible on various devices.
- ☐ Verify integration capabilities with existing HR tools and check for API support.
- ☐ Confirm customization options to match your recruitment workflow and branding.
- ☐ Check for compliance with data protection regulations and robust security features.
- ☐ Ensure scalability to grow with your organization's needs.
- ☐ Evaluate candidate experience and reporting tools.
- ☐ Request demos, trials and assess customer support quality.
- ☐ Compare pricing models, calculate ROI, and research peer reviews.
- ☐ Confirm vendor stability and reputation, then plan the implementation process.
